

## **CARE & FEEDING OF GRINDER PUMPS**

**Your grinder pump is not a garbage disposal.**

The following items should **never** be put into the Lake's sewer system:

- \* Egg shells \* Fish scales \* Cat litter \* Oils or grease
- \* Diapers, socks, rags, or cloth of any kind
- \* Personal hygiene products \* Glass or metal objects
- \* Strong chemicals such as drain cleaner

If the above items are introduced into the system it could result in premature failure of your grinder pump and require service. If the red light on the electric box for your grinder pump is **ON**, it means the pump is not working properly. **Please call Security (937-446-3214) if you see your light or your neighbor's light on.** Security will contact the appropriate personnel who are on call 24/7 to correct any problems with your grinder pump.

**\*\* DURING POWER OUTAGES WATER USAGE SHOULD BE KEPT TO A MINIMUM\*\***
